

The possibilities with Eureka Scratch Off Stickers are endless! Use the templates provided below to create your own customized Scratch Off Rewards and Chore Charts.

Create your customized recognition awards by writing in your own reward and covering it with a Eureka Scratch Off Sticker. When your student is caught in the act of doing something good, present them with the award you created. They'll love scratching off the sticker to reveal their reward!

Great for use at home or at school, our Scratch Off Chore Chart can make selecting a chore more fun! Write in the tasks that need to be completed, cover them in Eureka Rectangles Scratch Off Stickers, and then allow your child or student to select a box to scratch off. The selected task becomes their responsibility. Add to the fun by adding in a "No Chores" selection.
